## SINGAPORE IS STILL OUR HOME

“ Many of us Singaporeans living overseas don't intend to stay overseas for life. This is just part of our journey and we want to come home eventually. ”

“ Many overseas Singaporeans have expressed a desire for a immersive summer camp for their children in Singapore. The kids can be immersed in Singapore culture, arts, visit historical monuments and meet other Singaporeans to stay connected to the country; these sessions could even be conducted in their mother tongue. ”

## SUMMER CAMP IDEA

## SUGGESTIONS FOR THE LOCAL EDUCATION SYSTEM

“ There should be more emphasis placed on identifying problem statements, real-world education and internships, and the make-up of the students in the classrooms could be more diverse. These are some reasons why the people in the US are great at coming up with ideas and solving problems. ”

“ In the meantime, we want to stay connected with Singapore. There should be more platforms for us to meet other Singaporeans, exchange perspectives and ideas. This happens on an ad hoc basis currently, and needs to be accelerated. ”

## STAYING CONNECTED TO FELLOW SINGAPOREANS

“ When you are travelling to another country, why not try to meet up with another Singaporean who is based there? This can help them stay connected to Singapore, while you get a richer understanding of that country's culture. ”

## PLAN TO MEET OVERSEAS SINGAPOREANS DURING YOUR TRAVELS
